Laundry Facilities to be Updated August 8...

Both laundry facilities are slated for a total overhaul on August 8th. The Board of Managers has contracted with national corporation Mac-Gray to lease new equipment, retiring all the old, worn equipment we now own.

This will provide for new equipment, including some high-capacity washers, and will work on an electronic card. Quarters will no longer be necessary.

An informational open house will be scheduled once the new equipment is here.

If You Rent or Lease...

Last month we published information on the Rules & Regulations regarding leasing and renting your unit.

Apparently, no one read the article, or chose to ignore it because a number of renters have come to the office to "borrow" either a key to a unit they are renting, or to a key to the pool.

In order to make your renter happy, please follow the Rules & Regulations. **We are no longer able to give out any keys without proper written authorization from you or your rental agency.**

Next Board Meeting:

Saturday, August 24

9:00 a.m., Lakeside Lounge

COMMUNITY NEWS

Rec & Social Pool Improvement ...

Preparation for the new Sun Sails has begun at the pool.

The sails, which are a type of awning, will give those who want shade a nice place to sit and enjoy watching the kids splash in the pool.

The fence that enclosed the wading pool has been modified, allowing easy access to the grassy area on the western side of the pool building. A new, four-foot fence is being installed to secure the wading pool area.

The brightly colored awnings will be a welcome addition to our community.

Safety & Security

Dial 9-1-1 if you are the victim of a crime or to report suspicious activity. Notify the office ONLY after you have reported the activity to the police.

- ◆ Lock your doors and windows
- ◆ Lock your car

Once Upon A Time ...

there was a Kingdom called *Edgewater*. In the Kingdom was a magical swimming pool. No one violated any rules. No one jumped. No one ran. No one dove into the pool. The entire Kingdom, Royalty, Knights and Peasants alike treated each other with respect. Children laughed and played, and when they forgot to get their toys out of the pool, even the

Royalty would step away from the throne and happily put the toys away. No one ever complained. Rainbows suddenly appeared. A unicorn was seen galloping across the lawn. The Ogre stayed in his cave and never bothered a soul. And they lived happily ever after. *The End*

Moral of the story: if everyone followed the rules, life would be much simpler. In reality: they don't. **The pool rules are clearly posted** and anyone choosing to ignore them or allows their children or guests to ignore them does so at their own risk. There is no lifeguard on duty, so **swim at your own risk.**

Urban Legends ... Even at Edgewater ...

Sometimes, even at places as nice as Edgewater, urban legends grow.

URBAN LEGEND #1: *Toys and small pieces of the floating foam noodles have been sucked into the pool pumps with disastrous results, costing hundreds of dollars to repair.*

THE TRUTH: It never happened. Ever. The skimmers in the pool are designed to catch debris. Minute particles that do make it through are caught by the filters and cause no damage.
